Ref: Tarns
Tarns of the Central Lake District
by E. Haworth, G. de Boer, I. Evans, H. Osmaston, W. Pennington, A. Smith, P. Storey & B. Ware, 2003
Size 244 x 172 mm, 204pp., ISBN 0 90601517 0
Published by Brathay Exploration Group Trust, Ambleside, Cumbria.
Depth charts of the 50 larger tarns (small lakes) of the Lake District which have been standardised from surveys made by Brathay between 1947 & 1985; set in context by what is known of the tarn and its setting, together with a general introduction to history & geography of the area.

£12.00

Ref: Tarns of the Fells
Tarns of the Fells: Celebrating Cumbria’s Mountain Landscapes.
Size 210 x 210 mm, 44 pp., ISBN 0 9540506 2 2
Although tarns are synonymous with the Lake District, they occur across Cumbria and this book celebrates these areas of open water and the diversity of life within them. Produced by a partnership of conservation trusts (the Cumbria Wildlife Trust, the Freshwater Biological Association and the Friends of the Lake District), this beautifully illustrated book brings together aspects of the origin of tarns, their natural history and their roles in art, literature and history.

£3.10

CCAP publications

CCAP-CAig. Culturing Algae – A Guide for Schools and Colleges
Packed with information on handling and maintaining micro-algae in schools and colleges, including simple methods for preparation, growth and expressing results.

£5.00

CCAP-FGym. A New Key to Freshwater and Soil Gymnamoebae
by F.C. Page, 1988, 122pp, A4, ISBN 1 871105 02 1
A successor to F.C. Page's 1976 key (FBA Scientific Publication No. 34), incorporating subsequent changes in taxonomy. (See also FBA Scientific Publication 34).

£22.00

CCAP-MGym. Marine Gymnamoebae
An invaluable source book for the investigation of naked lobose amoebae in the marine environment.

£8.00

CCAP-Cryo. An Introduction to Cryopreservation in Culture Collections
Storage under liquid nitrogen is a standard method for long-term maintenance of a large variety of cell types and tissues. This book investigates many aspects of the freezing and thawing processes.

£6.00

CCAP-PPro. Parasitic Protozoa in British Wild Animals
This booklet illustrates the extent of parasitic protozoa in the British wild fauna.

£5.00

Identification Keys, Ecological Notes, Reference Texts for the scientist, student, practitioner and enthusiast

The FBA: promoting freshwater biology
Excellence in Scientific Publishing

For over 70 years the Freshwater Biological Association has published books on freshwater biology designed for the researcher, student, professional or enthusiast. Written by leading scientists and practitioners and edited by the FBA, the FBA’s range includes keys and guides to the identification of individual species, genera and families of organisms (including the definitive identification guides to much of the freshwater fauna of Britain and Ireland), as well as reference books of a more general nature.

Scientific (SP) Series: Practical guides – mostly keys to the identification of freshwater organisms, many of which also include ecological notes, but also analysis guides offering practical advice on scientific methods.

Occasional (OP) Series: Bibliographies, datasets and user manuals.

Special (SPEC) Series: Miscellaneous titles – mostly reference books, covering a wide range of freshwater topics.

We also sell a few titles from other publishers (listed here under ‘Affiliate Publications’).

Unless stated otherwise: Scientific and Occasional Publications are A5 printed booklets, bound between soft covers; Affiliate Publications (titles by other publishers) and Special Publications are various formats up to A4 in size, bound between soft covers.

Discounts

FBA Members and booksellers are entitled to a 25% discount on publications, except where stated otherwise. Why not join the FBA and take advantage of this discount and other benefits, including a free newsletter, discounts on our journal Freshwater Reviews, discounts and information on scientific meetings and courses, discounted access to a world-renowned freshwater library, and eligibility for the annual ‘Gilson Le Cren Memorial Award’?

How to Order

Publications may be purchased at our online shop (https://www.fba.org.uk/shop); if you are eligible for a discount and do not have a discount code, please contact the address below. For those preferring to order by post/fax, full details of how to order, including postage rates and a printable order form, can be found on the FBA web site (www.fba.org.uk/fbapub.html); credit card orders can also be placed over the phone. Booksellers are entitled to free postage for orders of £50 or more (except on online shop). Standing orders can be placed for each of our series: please contact the address below.

Freshwater Forum special issues

ISSN 0961-4664.

First published in 1991, Freshwater Forum was the regular FBA Members’ journal until 2007 and is now an intermittent publication for conference proceedings and special thematic issues. Articles are available online to FBA members at the FBA journal website www.fba.org.uk/journals, with many articles also open access. Print copies can also be ordered at the prices below (for list of contents, see journal website).

edited by D.W. Sutcliffe

FF17. European temporary ponds: a threatened habitat.
edited by K.J. Rouen & D.W. Sutcliffe

FF20. Recent Research in the African Great Lakes: fisheries, biodiversity and cichlid evolution
by P.H. Lowe-McConnell
2003, 64pp.

FF23. New Tools for Monitoring, Modelling & Management of Fresh Waters
edited by K.J. Rouen & D.G. George

FF25. The Ecology of Bassenthwaite Lake (English Lake District)
by S.J. Thackeray, S.C. Maberly & I.J. Winfield
2006, 80pp.

FF28. The Effects of Catchment Management on Stream Process and Condition
edited by K.J. Rouen & P.D. Armitage
2010, 93pp.

Affiliate Publications

Available through the FBA

Ref: Britain’s Dragonflies
Britain’s Dragonflies: A Field Guide to the Damselflies and Dragonflies of Britain and Ireland
by D. Smallshire & A. Swash, 2010, Second Edition
Size 210 x 150 mm, 208pp., ISBN 978 1 903657 29 4
Softback with plastic cover.
A comprehensive photographic guide, published by WILDGuides.

Ref: Windermere Ferry
The Windermere Ferry: History, Boats, Ferrymen and Passengers
by D. White, 2010, Second Edition
Size 238 x 164 mm, 208pp., ISBN 978 1 903657 29 4
Softback with plastic cover.
A comprehensive photographic guide, published by WILDGuides.

Note 1: Data are given for 15 lakes. Suitable for amateur microscopists starting to study amoebae, but professional workers may find it necessary to refer also to A New Key to Freshwater and Soil Gymnamoebae, with Instructions for Culture, by F.C. Page. Available through the FBA. See back page, reference CCAP-FGym.
Scientific Publications (SPs)

SP 36. Water Analysis
Water Analysis: Some Revised Methods for Limnologists
by F.J.H. Mackereth, J. Heron & J.F. Talling
Facsimile reprint £14.00

SP 38. Rotifers
A Key to the Freshwater Planktonic and Semi-Planktonic Rotifera of the British Isles, by R.M. Pontin
Facsimile reprint £10.00

SP 39. Estimating Microbial Numbers
Facsimile reprint £10.00

SP 40. Leeches
A Key to the British Freshwater Leeches, with Notes on their Life Cycles and Ecology, by J.M. Elliott & K.H. Mann
Facsimile reprint 2012. Out of print – photocopy available £8.00

SP 42. Desmids (Note see below)
A Key to the Commoner Desmids of the English Lake District
by E.M. Lind & A.J. Brook
Facsimile reprint 2012 £9.00

SP 44. Diatom Frustules
A Guide to the Morphology of the Diatom Frustule, with a Key to the British Freshwater Genera, by H.G. Barber & E.Y. Haworth
Facsimile reprint 2007. Out of print – photocopy available £7.00

SP 45. Orthocladiinae Larvae (Chironomidae)
A Key to the Larvae of the British Orthocladiinae (Chironomidae)
by P.S. Cranston
Facsimile reprint £10.00

SP 47. Adult Mayflies (Ephemeroptera)
A Key to the Adults of the British Ephemeroptera, with Notes on their Ecology, by J.M. Elliott & U.H. Hurnpeach
Facsimile reprint £10.00

SP 48. Mosquitoes (Culicidae)
Keys to the Adults, Male Hypopygia, Fourth-Instar Larvae and Pupae of the British Mosquitoes (Culicidae), with Notes on their Ecology and Medical Importance
by P.S. Cranston, C.D. Ramsdale, K.R. Snow & G.B. White
Facsimile reprint £13.00

Note: A limited number of original copies with slight cover damage are available at the same price as the facsimile reprint, £9.00 (discount not applicable). Please specify when ordering if you would prefer one of these.

Special Publications (SPECs)

SPEC 14. Algae of South Wales
A Guide to the Freshwater, Brackish and Marine Algae of South Wales, UK
by K. Benson-Evans & R. Antoines, 1996
Size 210 x 297 mm, 388pp., ISBN 0-9520432-4-6
Published by Bioline, University of Wales, Cardiff. Illustrations and ecological notes describing the main Phyla and Orders of Algae found in South Wales. All proceeds from the sale of the book have been donated to the FBA by the Estate of Dr Kathryn Benson-Evans.
Facsimile reprint £20.00

SPEC 15. The World of Lakes: Lakes of the World
by Mary J Burgis and Pat Morris, with illustrations by Guy Troughton, 2007.
The World of Lakes explains the properties of lake water, the formation of lakes, their dramatic seasonal patterns, and the communities of plants and animals that they support. The remarkable variety of the world’s lakes is then described: from the frozen lakes of Antarctica, which face perpetual cold and prolonged darkness, to the rich warm waters of equatorial Africa. Having provided a picture of lakes as dynamic but delicate habitats, the authors discuss the crucial question of conservation.
Facsimile reprint £25.00

Occasional Publications (OPs)

OP 1. Miles
A Synonymic and Bibliographic Check-List of the Freshwater Mites (Hydrachnellae and Limnocalacaridae, acari) Recorded from Great Britain and Ireland
Facsimile reprint £5.00

OP 8. Windermere Chemistry
A Seasonal Record of the Nutrient Chemistry of Windermere for 1931-1932
Facsimile reprint £4.00

OP 10. Deforestation
Environmental Effects of Deforestation: an Annotated Bibliography
by J.R. Blackie, E.D. Ford, J.E.M. Horne, D.J.J. Kinsman, F.T. Last & P. Moorhouse
Facsimile reprint £7.00

OP 16. Major Ions in Lakes
Concentrations of Major Ions in Lakes and Tarns of the English Lake District (1953-1978)
Facsimile reprint £8.00

OP 17. Protozoa
Facsimile reprint £8.00

OP 18. Aquatic Macrophytes
Aquatic Macrophytes in the Tarns and Lakes of Cumbria
Facsimile reprint £12.00

OP 19. River Frome Fish
Records from the Automatic Fish Counter on the River Frome, Dorset, 1970–1981
1983, 100pp.
Special Publications (SPECs)

SPEC 9. Microbial Diversity in Priest Pot
Microbial Diversity in Priest Pot: a Productive Pond in the English Lake District
by B.J. Finlay & S.C. Maberly, 2000
Published in collaboration with the NERC Centre for Ecology and Hydrology.
A useful introduction to FBA Scientific Publication 34 and photocopy available.

SPEC 10. Phytoplankton of Windermere
The Phytoplankton of Windermere (English Lake District)
by C.S. Reynolds & A.E. Irish, 2000
Size, 246 x 171 mm, 73pp., ISBN 978-0-900386-65-7
Published in collaboration with the NERC Centre for Ecology and Hydrology.
A factual guide to almost a century’s work on the phytoplankton of Windermere.

SPEC 11. Windermere
Windermere: Restoring the Health of England’s Largest Lake
by A.D. Pickering, 2001
Size 246 x 171 mm, 126 pp., ISBN 978-0-900386-68-8
Published on behalf of The Lake District Still Waters Partnership.
A description of the ecology and recent post-glacial history of Windermere, the efforts made to maintain biodiversity, and what the future holds for the lake. Includes over 75 colour illustrations.

SPEC 12. Testate Amoebae
Guide to the Identification of Soil Protozoa – Testate Amoebae
by K.J. Clarke, 2003
Published in collaboration with NERC Centre for Ecology and Hydrology; Windermere.
The species described also occur in freshwater environments – particularly where there is little flow of water. The guide serves as a useful introduction to FBA Scientific Publication 34 and A New Key to Freshwater and Soil Gymnamoebae, with Instructions for Culture, by F.C. Page.

SPEC 13. Chironomid Exuviae
A Guide to the Identification of Genera of Chironomid Pupal Exuviae Occurring in Britain and Ireland (Including Common Genera From Northern Europe) and Their Use in Monitoring Lotic and Lentic Fresh Waters
by R.S. Wilson & L.P. Ruse, 2005
This guide provides a series of multiple-choice keys for identifying the pupal exuviae of 145 genera and more than 100 selected species of Chironomidae.

Scientific Publications (SPs)

SP 50. Adult Waterbugs
Adults of the British Aquatic Hemiptera Heteroptera: a Key with Ecological Notes
by A.A. Savage
Out of print – photocopy not applicable.

SP 52. Malacostracan Crustaceans
British Freshwater Crustacea Malacostraca: a Key with Ecological Notes
by T. Gedhiil, D.W. Sutcliffe & W.D. Williams

SP 53. Caseless Caddis Larvae (Trichoptera)
A Revised Key to the Caseless Caddis Larvae of the British Isles, with Notes on their Ecology
by J.M. Edington & A.G. Hildrew
Facsimile reprint 2012

SP 55. Simuliidae
Last-Instar Larvae and Pupae of the Simuliidae of Britain and Ireland: a Key with Brief Ecological Notes
by J. Bass
Facsimile reprint 2012

SP 56. Dixidae and Thaumaleidae
British Dixidae (Meniscus Midges) and Thaumaleidae (Trickle Midges): Keys with Ecological Notes
by R.H.L. Disney

SP 57. Larval Corixidae
Keys to the Larvae of British Corixidae
by A.A. Savage

SP 58. Triclad
A Key to the Freshwater Triclad of Britain and Ireland, with Notes on their Ecology
by T.B. Reynoldson & J.O. Young

SP 59. Microturbellarians
Keys to the Freshwater Microturbellarians of Britain and Ireland, with Notes on their Ecology
by J.O. Young

SP 60. Coarse Fish Larvae
Keys to Larvae and Juvenile Stages of Coarse Fishes from Fresh Waters in the British Isles, by A.C. Pinder

SP 61. Case-bearing Caddis Larvae
Keys to the Case-Bearing Caddis Larvae of Britain and Ireland
by I.D. Wallace, B. Wallace & the late G.N. Philipson
Our latest title...

**SP69**

Freshwater Leeches of Britain and Ireland: Keys to the Hirudinea and a Review of their Ecology

by J.M. Elliott & M. Dobson

2015, size 246 x 171 mm, softback, 108pp.

ISBN 978-0-900386-82-4

£27.00
